

CAPITAL CREDITS

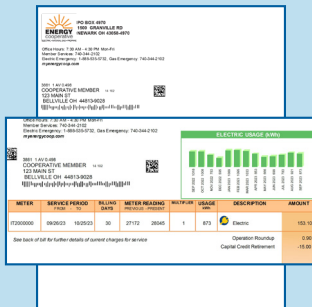

WHAT ARE CAPITAL CREDITS?

Cooperative's do not have customers or shareholders. Cooperative's have members. After we pay our bills and reinvest needed funds into our system, we allocate excess revenue to members. Margins are allocated to members as capital credits.

HOW DO I RECEIVE MY CAPITAL CREDITS?

Capital credits are distributed in two ways. Current electric members' capital credits are applied toward their electric bill. Former electric members, who no longer have a bill where credits can be applied, will receive a check in the mail.

Current members
applied to your bill

Former members
mailed as a check

In 2023, **\$640,243**
in capital credits will be paid to members.

Capital credits are assigned annually to each member and are paid in accordance with the Cooperative bylaws.

The following years' capital credits
will be paid in 2023:

1980 → *100% of the year will be paid at this time
1982 → *100% of the year will be paid at this time
2002 → *12.8% of the year will be paid at this time

HOW IS THE CAPITAL CREDIT AMOUNT DETERMINED?

Capital credits represent the assigned share of the Cooperative's margins based on the amount of kilowatt hours used for that year.

A RESIDENTIAL MEMBER

uses
killowatts a year
and receives \$\$\$
in capital credits

A COMMERCIAL MEMBER

uses
killowatts a year
and receives \$\$\$\$\$
in capital credits
